SUBJECT: House Republican Conference  
17 April 1985, 0900 hours

REMARKS:

Mr. Casey has agreed to address the House Republican Conference headed by Congressman Jack Kemp on 17 April. This was arranged through a phone call between Mr. Casey and Congressman Kemp. There will be present Congressmen and their staffers--no outsiders or press. I pass this on for your information only. I don't believe any action is necessary on your part. The Conference will take place in the Cannon Caucus Room. I have been asked if the room should be "swept" before the meeting; I did not know the answer and maybe OLL can help on that. Contact is
